Name	Juan Dela Cruz	Date	23 August 2023		
Address	M.F. Jhocson St. Brgy. 581, Sampaloc, Manila	Age	34 Years	Sex	M

Rx

1. Amoxicillin 500 mg

- Dosage: Take 1 capsule every 8 hours (three times a day)
- Duration: 7 days
- Instructions: Take with food to avoid stomach upset. Complete the full course even if symptoms improve.

2. Ibuprofen 400 mg

- Dosage: Take 1 tablet every 6 hours as needed for pain
- Maximum: Do not exceed 4 doses in 24 hours
- Instructions: Take with a full glass of water. Avoid alcohol while taking this medication. Discontinue if any stomach pain or bleeding occurs.

3. Chlorhexidine Mouthwash 0.12%

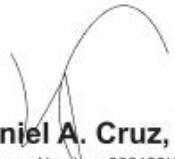

- Dosage: Rinse with 15 mL twice daily
- Duration: 14 days
- Instructions: Swish in the mouth for 30 seconds, then spit out. Do not swallow. Avoid eating or drinking for 30 minutes after use.

Additional Instructions:

- Avoid smoking and alcohol during the healing period.
- Maintain soft foods diet and good oral hygiene, but avoid brushing around the treated area for the next 24 hours.

Follow-Up:

- Schedule a follow-up visit in one week to assess healing progress.
